

How to Organize Your Shulker Boxes

👤 Shannon O'Brien 📁 Minecraft Tutorials ⌚ November 1, 2021November 2, 2021 ⌵ 3 Minutes

Inventory management is highly individual. We all have our favorite ways to go about playing minecraft. The following post is how I organize my ender chest and shulker box inventory, so I never have to go back to my home base pretty much ever.

I break up my gameplay categories into: adventures, builds, farms, and advancements. So I place items in my inventory based on those categories. For you, it will likely be different, and that's OK.

Here's how I like to organize my inventory:

1. **Black** = Tools
2. **Magenta** = Transportation
3. **Light Blue** = Brewing
4. **White** = Food
5. **Red** = Redstone
6. **Orange** = Misc
7. **Lime** = Builds
8. **Yellow** = Decoration
9. **Light purple** = Empty shulker box

The shulker boxes are in the following categories: decoration, builds, miscellaneous, redstone, food, brewing, transportation, and tools.
